## NOTICE TO PURCHASER OF REAL ESTATE SITUATED IN THE KIMBLE COUNTY GROUNDWATER CONSERVATION DISTRICT

### TO PURCHASER SHOWN BELOW:

The real property described below, which you are about to purchase, is located in the Kimble County Groundwater Conservation District (KCGCD); which encompasses most of Kimble county except the northeastern part of Kimble County that is in the Hickory Underground Water Conservation District. The District has taxing authority separate from any other taxing authority. **The adopted tax rate for Tax Year 2024 is \$0.00766 per \$100.00 assessed valuation.** The purpose of the KCGCD is to conserve, preserve, protect, and recharge the groundwater resources and to prevent waste and degradation of quality of those groundwater resources.

If an active or abandoned water well of any type is located on your property, you are required by KCGCD to register the well and/or transfer well ownership within forty-five (45) days of the transfer of the property. Before any new well may be drilled or completed it must be registered with the KCGCD and receive specific authorization to commence drilling. Depending on the type of well, it is possible that the well will additionally require an operating permit, metering, and are subject to reporting requirements. Forms and information regarding this process can be found at <https://kimblecountygcd.org/>.
